## About this project

The City is planning to improve Oxford Street West from Westdel Bourne to Sanatorium Road. The project will:

- Widen Oxford Street West from two lanes to four lanes, increasing the road's capacity
- Modify the intersections to improve operations and accessibility
- Introduce cycle tracks, sidewalks, and multi-use paths for improved walking and cycling access

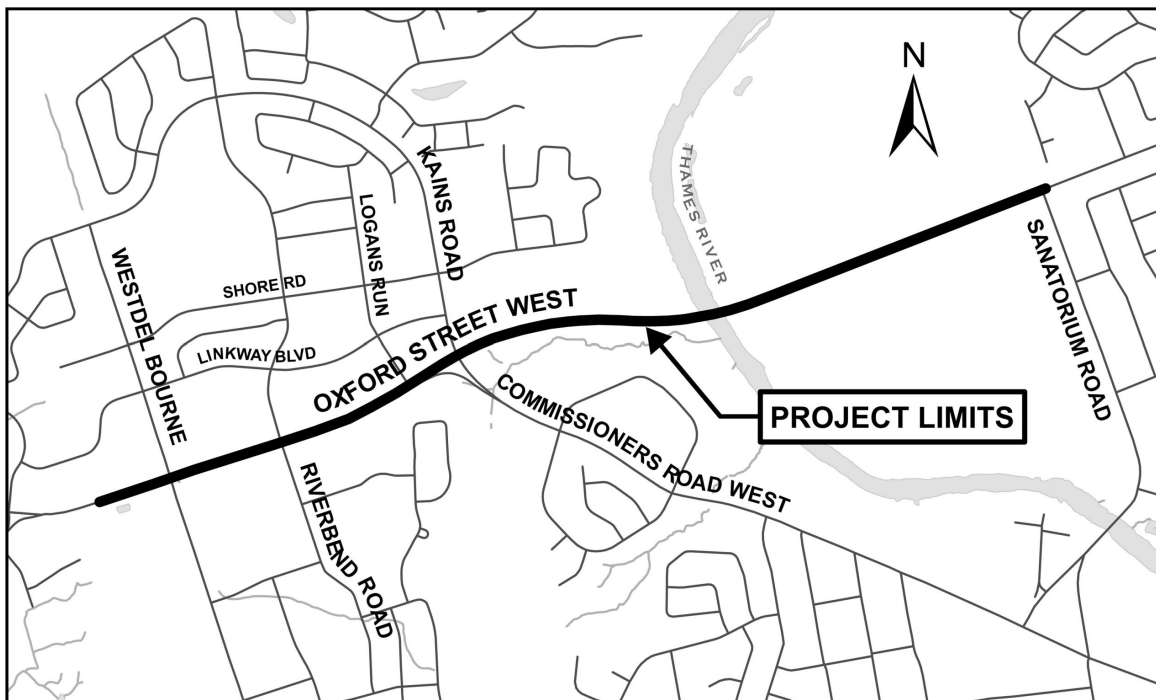

The project will be set into two phases:

- First phase: Westdel Bourne to Commissioners Road East in 2027
- Second phase: Commissioners Road East to Sanatorium Road in 2031
